A WEEK TO COMPETE AND GROW

WELCOME TO THE CRADLE OF THE WORLD'S BEST FOOTBALL

In the land of Diego and Lionel, cradle of the greatest jewels in the history of football, the game is lived in every neighborhood. LC Sport Management organizes a week of preseason and competition in Buenos Aires for amateur teams: matches on official pitches against teams in your category, clinics with certified Argentine professionals, and the city as a classroom.

From the airport to the return flight, we take care of the organization so the team can focus on competing, learning and experiencing Buenos Aires. For men's and women's delegations of 15 or more members, with players aged 14 and older.

THE PROGRAM
